SPECIALIZING IN INTERIOR ARCHITECTURAL DESIGN SERVICES AND DOCUMENTS

To Whom it May Concern,

Please accept this letter as my sincere recommendation for Rob Henson and Central Florida Custom Carpentry.

As a designer of custom cabinets and ceiling details in the luxury home market, I've had the pleasure of working with Rob on numerous projects. In each one, he was able to take my sketched vision and turn it into reality.

I pride myself on providing detailed drawings, but know that when it comes to custom carpentry, many details and decisions must be made in the field. Nothing is more reassuring than to know that Rob's team will be interpreting my drawings and bringing them to life. If he is working on my job, I know that he will make appropriate judgment calls when needed and knows when to call me to weigh in on important function or design decisions that need to be made. Even at the bidding stage I know that he is thinking about the best way for us to accomplish my designs, and doesn't hesitate to recommend an alternate method or modification, if it improves the working of the piece.

I know many builders who rely on Rob to perfect their custom woodwork, and I personally offer his contact info when I have a client in need of carpentry services. I've worked with Rob on projects ranging from simple beam ceilings to 2-story wood paneled libraries, and I've never been disappointed.

I hope that Central Florida Custom Carpentry can build your vision too,

Sincerely,

Heidi Aschenbrenner
